#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

Over the years, BIS has worked with other Government agencies and the affected public to identify areas where export licensing requirements may be relaxed without jeopardizing U.S. national security or foreign policy. Many of these relaxations have taken the form of licensing exceptions and exclusions. Some of these license exceptions and exclusions have a reporting or recordkeeping requirement to enable the Government to continue to monitor exports of these items. Exporters may choose to utilize the license exception and accept the reporting or recordkeeping burden in lieu of submitting a license application. These exceptions and exclusions have allowed exporters to ship items quickly, without having to wait for license approval.

#### Certain Quartz Surface Products From the Republic of Türkiye: Final Results of the Expedited First Sunset Review of the Antidumping Duty Order

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of the expedited sunset review, the U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on certain quartz surface products (quartz surface products) from the Republic of Türkiye (Türkiye) would

likely lead to the continuation or recurrence of dumping at the levels indicated in the “Final Results of Sunset Review” section of this notice.

**DATES:** Applicable September 2, 2025.

**FOR FURTHER INFORMATION CONTACT:**

Juanita Chen, Trade Agreements Policy and Negotiations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1378.

**SUPPLEMENTARY INFORMATION:**

**Background**

On June 22, 2020, Commerce published the AD Order on QSP from Türkiye.<sup>1</sup> On May 1, 2025, Commerce published the notice of initiation of the five-year sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>2</sup> On May 13, 2025, Commerce received a notice of intent to participate in this sunset review from Cambria Company LLC, Dal-Tile LLC, and Guidoni USA (collectively, the Domestic Interested Parties) within the deadline specified in 19 CFR 351.218(d)(1).<sup>3</sup> The Domestic Interested Parties claimed interested party status under section 771(9)(C) of the Act as producers of a domestic like product in the United States.

On June 2, 2025, the Domestic Interested Parties jointly filed a timely substantive response within the deadline specified in 19 CFR 351.218(d)(3)(i).<sup>4</sup> Commerce received no substantive responses from any other interested parties, nor was a hearing requested. On June 20, 2025, Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties.<sup>5</sup> As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of the *Order*.

**Scope of the Order**

The merchandise subject to the *Order* is quartz surface products. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.<sup>6</sup>

**Analysis of Comments Received**

All issues raised in this review, including the likelihood of continuation or recurrence of dumping in the event of revocation and the magnitude of the margins likely to prevail if the *Order* were revoked, are addressed in the accompanying Issues and Decision Memorandum.<sup>7</sup> A list of topics discussed in the Issues and Decision Memorandum is included as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty

Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

**Final Results of Sunset Review**

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the antidumping duty order on quartz surface products from Türkiye would be likely to lead to the continuation or recurrence of dumping, and that the magnitude of the margins likely to prevail would be weighted-average dumping margins of up to 5.17 percent.

**Administrative Protective Order (APO)**

This notice serves as the only reminder to interested parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

<sup>6</sup> See Memorandum, “Issues and Decision Memorandum for the Final Results of the First Expedited Sunset Review of the Antidumping Duty Order on Certain Quartz Surface Products from the Republic of Türkiye,” dated concurrently with these results and hereby adopted by this notice (Issues and Decision Memorandum).

<sup>7</sup> *Id.*

**Notification to Interested Parties**
